

Keith,

Attached you will find our testing calendar. I must add the disclaimer that it is subject to change at any time. The number to call to register for a test is 229-352-6567. Registration is required now for a test. If there are problems with the test registration, they may be registered on site. However, this will delay and increase their time in line. Most people can be in and out in under 5 minutes from beginning to end if registered.

Again, thanks for your interest and promotion of our test site.
